

get together Safely

Book your meeting today

In this age of social distancing, many organizations are resorting to virtual platforms for business and board meetings. But sometimes nothing beats communicating in person.

The Garden Club of Jacksonville has ample room for your group to gather safely and remain physically distant while connecting socially. We maintain stringent cleaning procedures throughout our campus and can set up tables and other amenities to keep your group comfortable and healthy.

We know you need to make solid decisions for your business or nonprofit during this challenging time. We can help you reach your goals.
